

Many of the more than 20,000 CCFL/FLCC alumni have expressed a willingness to assist current students. The Alumni Association recently completed a survey inviting students to identify the kinds of alumni assistance they believe would be most helpful. With the results of that survey in hand, we now invite you and your alumni colleagues to indicate the types of help you would be comfortable providing to our students. Please complete this short survey to identify activities in which you feel most willing and qualified to participate.
